

Extending Maximo

Interloc Solutions
Our Innovation Toolbox

Agenda

- ④ Interloc Core Consulting Services
 - ④ Who we are
 - ④ How we work
- ④ Innovation Toolbox
 - ④ Capturx for Maximo
 - ④ Interloc Mailer
 - ④ Interloc Data Loader
 - ④ Interloc Mobile Informer
- ④ Discussion and Q & A

Who We Are

- ④ 100% Maximo EAM focused IBM Premier Business Partner
- ④ First and foremost a Maximo Consulting Services Company with 9 years proven functional and technical experience in implementing Maximo EAM throughout enterprises
- ④ Vast experience in Maximo EAM implementations across industries
- ④ Extensive experience implementing custom mobility solutions
- ④ Contractually authorized to provide IBM Maximo Level 1 / Level 2 support to our Maximo EAM clients
- ④ AAA EAM technical accreditation across all of North America

How We Work

Functional

- Project Management based on standard PMI methodology
- Business analysis via workshops to identify “as-is” processes and the “to-be” direction
- Phased implementation based on requirements

Technical

- Technical tools to evaluate accuracy and performance:
 - JUnit, JMeter, Mockito, Maven
- Innovative products and tools designed to extend Maximo
 - Capturx for Maximo
 - Interloc Mailer
 - Interloc Data Loader
 - Interloc Mobile Informer

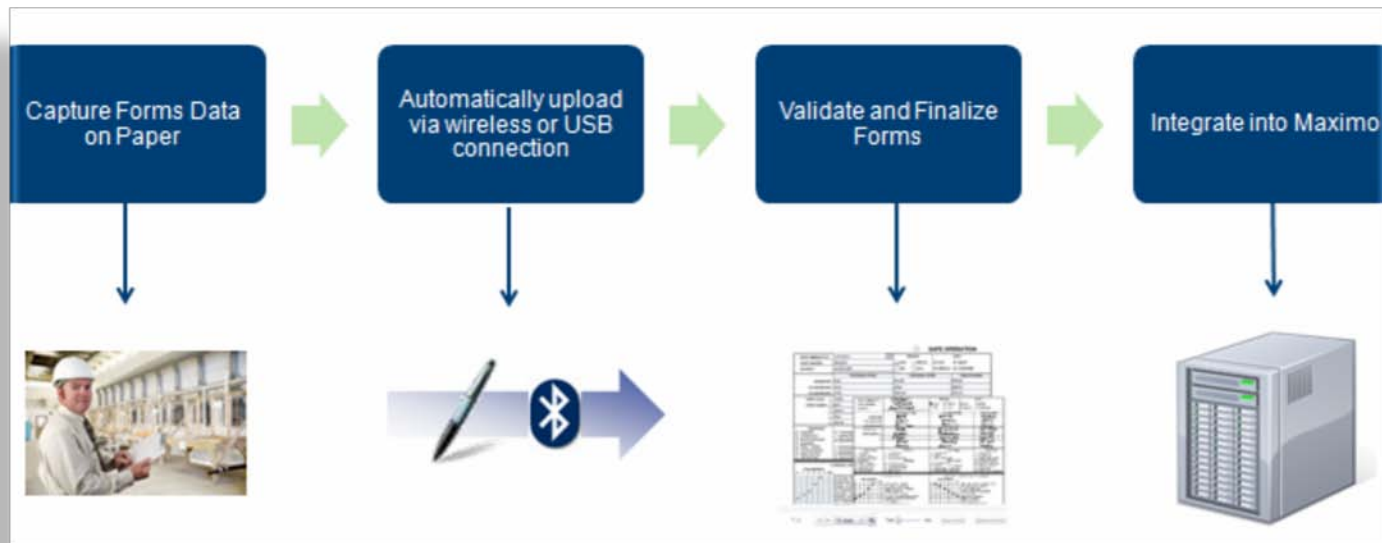

Why an Innovation Toolbox?

- Optimize Maximo for your people and your business
- Fill the gaps to perform actions faster, better, smarter
- Speed time to ROI with your Maximo investment

Capturx for Maximo

- Digital pen input directly into Maximo
 - Accelerates asset management processes
 - Increases data integrity and improves regulatory compliance
 - Increases efficiencies by removing manual processes
 - Allows field teams to continue their natural work processes

Energy Corporation with high yield structural assets

Challenge:

- Need to maintain high levels of uptime; need for higher productivity, compliance documentation and asset management to keep in step with strict engineering, inspection, and safety requirements
- Field based staff, causing lag time before data is returned to offices and re-keyed into Maximo

Solution:

- Collect data in the field using Capturx for Maximo directly on paper forms printed directly from leading applications
- Data is integrated automatically into Maximo in real time with easy to use tools that require low logistical support

Maximo

Interloc Mailer

- 🔄 Native Maximo application
- 🔄 Creates custom email containing complete details of any event
- 🔄 Take appropriate action via link contained in email – on device of choice – wherever you are
- 🔄 Status and history is recorded in Maximo providing audit trail
- 🔄 Timely approvals process
- 🔄 Increases productivity

Interloc Mailer: A new way to communicate to increase productivity

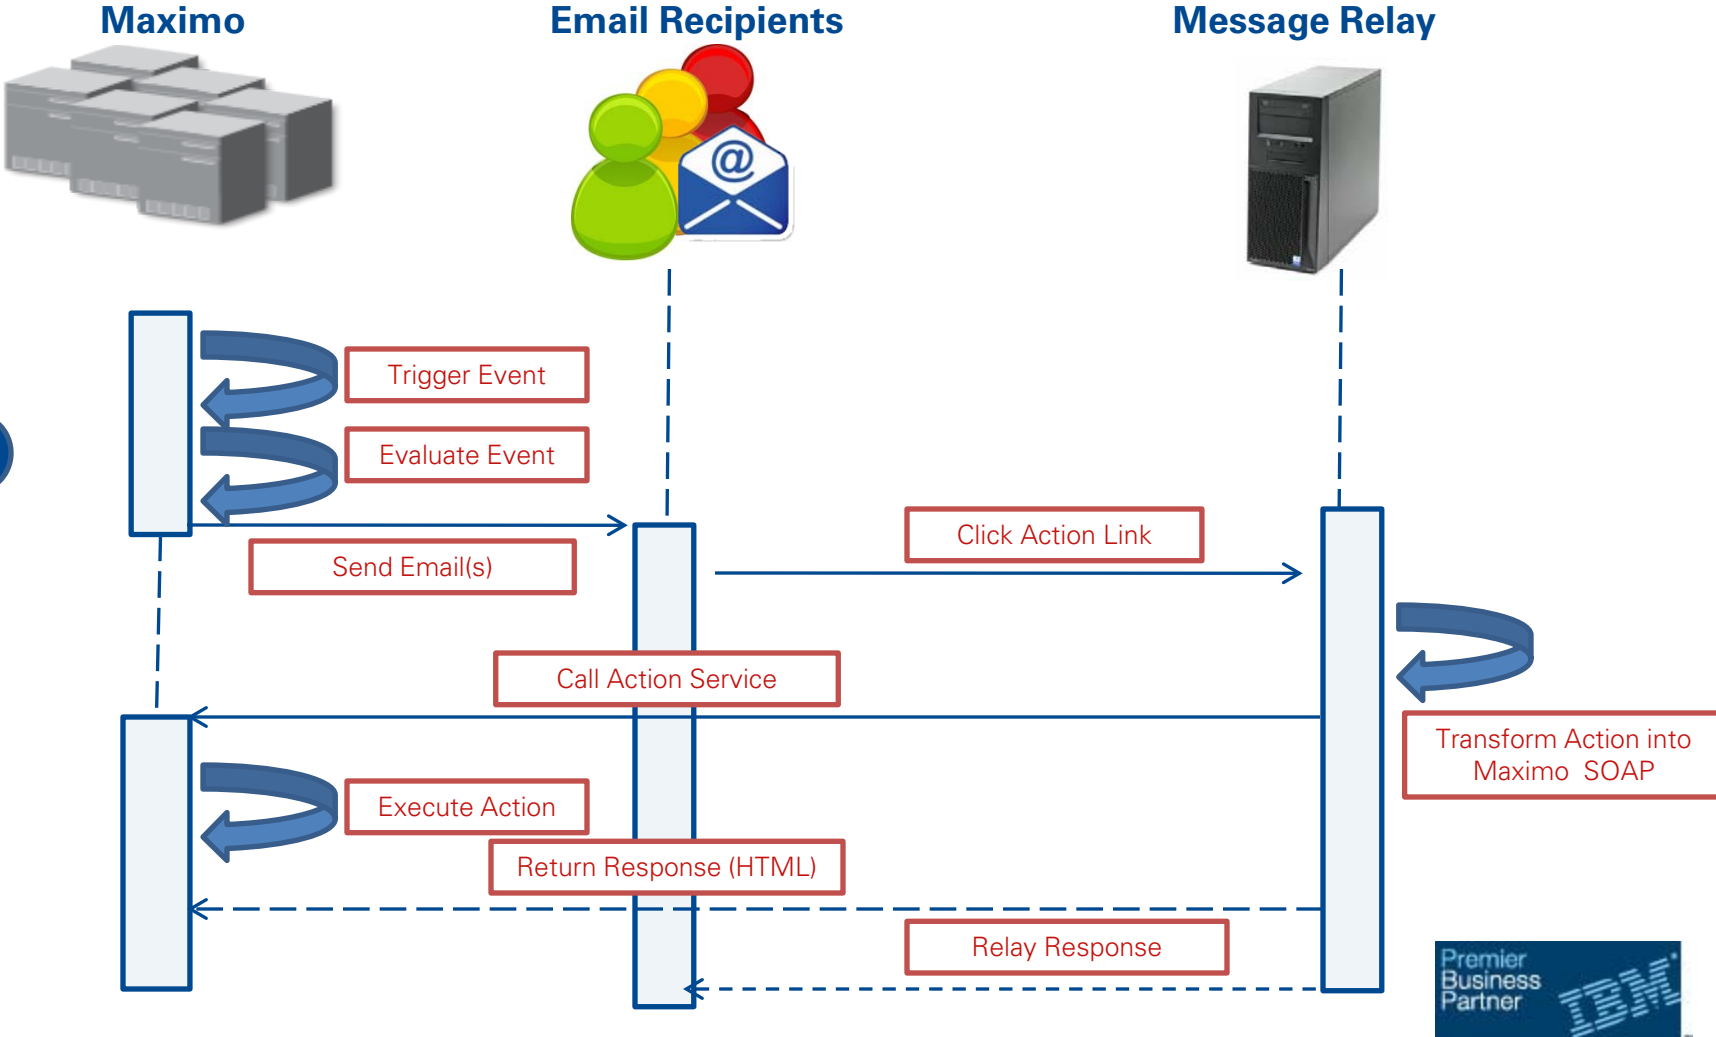

Challenge:

- Multiple step decision making process results in lag time
- Emails do not contain enough details to take action
- Logging into Maximo is not always practical

Solution:

- Native Maximo application
- Completely configurable e-mail template(s) lets you provide the right information to the right people at the right time
- One-click action from anywhere increases efficiencies
- History recorded in Maximo to ensure regulatory compliance

Interloc Mailer Sequence Diagram

Interloc Data Loader

- 🌀 Native Maximo application
- 🌀 Speeds data loading process through the Maximo Integration Framework
- 🌀 Provides a consistent, repeatable way to stage, coordinate, and load
- 🌀 Reduces repetitive tasks

Rapid Data Loading through the Maximo Integration Framework

Challenge:

- Variety of data sources and the need to have standard data loading process.
- Want to ensure data is validated through the Maximo business objects.
- Need to be able to run multiple iterations through several environments.

Solution:

- Native Maximo application
- Provides consistent and repeatable process
- Reduces repetitive and error prone tasks
- Natively supports Excel spreadsheets for end user data capture.

Summary

- Integration Toolbox extends Maximo functionality:
 - Capturx for Maximo
 - Interloc Mailer
 - Interloc Data Loader
 - Interloc Mobile Informer
- Register to attend the Capturx for Maximo webcast
 - August 16, 11 am Pacific Time
 - Be eligible to win a Capturx Data Kit
